Request for Status of Divisional Application

Dear Sir:

We filed a divisional application for original application number 09/822,683. The divisional application was filed on 1/26/2007 with EFS ID 1469605. We have since received a notice of abandonment mailed on March 6, 2007 for Application 09/822,683. While it is true that the original case should be abandoned, the divisional application that was filed, during the pendency of 09/822,683 and claims priority thereto, does not appear on EFS and we have not received a filing receipt.

In researching this matter we emailed the EBC help desk and received the following email from Mike Spear on May 3, 2007:

Hello,

This application has been sent to the Office of Initial Patent Examination to be split into two separate applications. As soon as the divisional application has an application number, I will notify you.

We have not received an update on this matter since the email from Mike Spear on May 3, 2007. We respectfully request assignment of an application number and issuance of a filing receipt for the divisional application

Respectfully Submitted,
